

TAIYEABA SHAMS

MERN Stack Developer

[01757575690](tel:01757575690) | tayebashams@gmail.com | Sylhet, Bangladesh | [LinkedIn Profile](#) | [GitHub Profile](#)

PROFESSIONAL PROFILE

Dedicated Frontend MERN Developer and Software Engineering student with hands-on experience building responsive, user-friendly web applications, currently expanding my expertise toward full-stack development with modern backend technologies. Skilled in HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, DOM manipulation, REST API integration, JSON data handling, Firebase and JWT authentication, and Axios (including interceptors) for secure client-server communication. Comfortable across the stack with Node.js, Express.js, MongoDB, and CRUD-based API development. Passionate about clean, maintainable code and eager to contribute to real-world projects from day one.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Responsive Web Design, Responsive Landing Page Development, Tailwind CSS, JavaScript (ES6+), DOM Manipulation, REST API, JSON, React.js, React Router, Axios, Axios Interceptors

Authentication: Firebase Authentication, JWT Authentication

Backend: Node.js, Express.js, REST API Development

Database: MongoDB

Full Stack: MERN Stack, API Integration, CRUD Operations, Responsive Web Application Development

Tools & Cloud: Git/GitHub, Vercel, Firebase, Cloudinary, Socket.io, Stripe, Nodemailer

FEATURED PROJECTS

GroceryBD — MERN E-commerce Platform

[Code](#) | [Live Demo](#)

- Developed a full-featured grocery e-commerce platform with Role-Based Access Control (RBAC).
- Integrated Cloudinary for optimized image uploads, a dynamic product review system, and a full admin dashboard.

Tech: MERN Stack, Firebase, JWT, Cloudinary, Tailwind CSS

HomeService — MERN Service Marketplace

[Code](#) | [Live Demo](#)

- Engineered a full-stack home service marketplace with real-time slot booking and conflict-prevention logic.
- Built an admin approval workflow and three role-based dashboards (User, Provider, and Admin).

Tech: MERN Stack, JWT, Tailwind CSS, Framer Motion

SecondHand Rental Hub — MERN Marketplace

[Code](#) | [Live Demo](#)

- Created a full-stack rental marketplace for used items featuring three role-based dashboards (Owner, Buyer, Admin).
- Implemented real-time messaging using Socket.io, secure Stripe payment processing, and a rating & review system.

Tech: MERN Stack, Socket.io, Stripe, JWT, Tailwind CSS

EDUCATION

B.Sc. in Software Engineering

Metropolitan University, Sylhet, Bangladesh

2023 – 2027
